

Software Engineering Objective Type Questions with Answers

1.

The first step in Software Development Life Cycle(SDLC) is

[A] Preliminary investigation and Analysis

[B] System Design

[C] System Testing

[D] Coding

Answer & Explanation

Answer: Option A

2.

The detailed study of existing system is referred to as

[A] System Planning

[B] System Analysis

[C] Feasibility Study

[D] Design DFD

Answer & Explanation

Answer: Option B

3.

System analysis and design phase of Software Development Life Cycle (SDLC) includes which of the following ?

[A] Parallel run

[B] Sizing

[C] Specification Freeze

[D] All of these

Answer & Explanation

Answer: Option D

4.

Prototyping aims at

[A] end user understanding and approval

[B] program logic

[C] planning of dataflow organisation

[D] none of these

Answer & Explanation

Answer: Option A

5.

What is a prototype ?

[A] Mini-model of existing system

[B] Mini-model of the proposed system

[C] Working model of the existing system

[D] None of these above

Answer & Explanation

Answer: Option B
